

Reporting Suspected Station Location Errors

1. Suspected station location errors should be reported through the TOC Help Desk. This is a 24hr/7day operation. 301-713-0902 Toc.Nwstg@noaa.gov
2. The TOC will then communicate directly with the Regional Centers responsible for these Stations and may involve their further communications with the WMO – Mr. Mohan Abayasekara email: mabayasekara@wmo.int
3. The TOC Help Desk will formally document the request and establish a tracking number.
4. The request may indicate the JAG/ODAA action item number (if any) and should include Walter Smith as the JAG/ODAA- NWS POC.
