

## Data Alert Emails

The JAG/ODAA Data Alert Group Email address is: [odaa.alerts@noaa.gov](mailto:odaa.alerts@noaa.gov)

This group email is used to notify members of data problems or other significant issues when they are discovered by NCEP or other OPCs. The email list is managed by the JAG/ODAA Executive Secretary.

**Notification.** The first member to recognize or foresee a data problem or significant event should alert the rest of the group by this group email. The alert e-mail may be sent by any member. The group email account includes individuals and organizations listed below and will automatically disseminate the alert email to them. *(note: to reply to all members when replying to group emails, the group email address must be added as an addressee)* Depending on the urgency and lead time, the initiator may need to follow up with phone calls to key group members. Contact information is located on the JAG/ODAA web site (this site) under contacts, full roster.
